

10 Month Warranty Service Request Form

Purchasers:

Today's Date:

Subdivision:

Lot:

Address:

Phone:

Below is a complete list of warrantable items discovered on or before the 10 month Client Care Touch Point visit. Drywall nail pops and interior trim caulk will be addressed **one time** at the 10 month mark. If you have had a private inspection of your home the warrantable items must be listed on this form. You may also submit a copy of the inspection report or a summary of the inspection report to Homes By Dickerson to your Client Care Representative. **A list of all warrantable items must be submitted prior to the 10 month Client Care visit.** Homes By Dickerson will address any warrantable inspection items when we address the 10 month Touch Point items. Additional items and future claims are to be submitted to Homes By Dickerson according to the terms of the limited warranty (3 Month, 10 month and Emergency Service).
