Set within the coveted, brand new enclave of Blanton's Grove inside Hasentree, the Nash plan brings a fresh, modern take on craftsman style to one of Wake Forest's most sought-after communities. This home strikes a rare balance: fresh and modern, yet warm and familiar from the very first glance. Inside, the main level unfolds around an open kitchen, dining, and family room designed for effortless togetherness, with a scullery tucked just off the kitchen to keep everyday life running smoothly behind the scenes. A main-floor primary suite offers a quiet retreat, complete with a generous walk-in closet and a spa-inspired bath. A dedicated study and secondary bedroom on the main level add flexibility for guests or a work-from-home lifestyle, while the screened porch extends living space outdoors for morning coffee or evening gatherings. Upstairs, a spacious game room, loft, and two additional bedroom suites create room to spread out, play, and unwind. The Nash isn't just a place to live, it's an invitation to settle into a home built for both connection and calm within Hasentree's newest address.
