Modern Farmhouse

Meet the Rosemary, finished with our Modern Farmhouse elevation that pairs fresh, clean-lined curb appeal with timeless character in Ponder. This thoughtfully crafted home is designed for effortless one level living, with a main level primary suite and a second main level guest bedroom, each offering privacy and comfort, along with a dedicated study and a 2-car garage for everyday convenience. The open concept family room, anchored by a cozy fireplace, flows into a well-appointed kitchen with a large island and dining area that lead out to a screened porch perfect for slowing down. Upstairs, an additional bedroom and full bath join a versatile loft, providing flexibility for guests, family, or a second living space, along with ample unfinished storage for everything in between. One of our most popular plans with timeless details carried throughout, the Rosemary leaves nothing to be desired.

Ponder is set between the towns of Wendell and Zebulon, giving you the charm and connection of two communities instead of one. Enjoy a slower pace, a real sense of neighborhood, and easy access to local breweries, boutiques, parks, and festivals, all woven into a downtown history that dates back to 1850. It's no wonder this area is one of Wake County's fastest growing destinations. You're going to love it here!
