COMMUNITY: The Marshes at Daniel Island

Set in the coveted Marshes at Daniel Island, the River Grove is lowcountry living at its absolute finest. Raised in classic coastal style, this home flows effortlessly from a chef inspired kitchen into a generous family room and dining space, spilling out onto a screened porch where salt breezes make every evening feel like a retreat. A first-floor primary suite offers the privacy and tranquility of a true sanctuary, with a spa inspired bath and an expansive walk-in closet. Upstairs, two guest bedrooms with private baths and walk in closets, a fourth bedroom or rec room with its own balcony, and a versatile loft give family and guests space to spread out and settle in. With an elevator and a two-car garage beneath the home, every arrival is as effortless as the lifestyle itself. Every corner has been finished with intention, creating an atmosphere that feels at once elevated and deeply livable. Daniel Island's walkable village, waterfront dining, and world class golf and tennis are all moments away, because here, the lifestyle is just as exceptional as the home itself.
