The Hutchinson 2 plan has all the things we love about the Hutchinson 1 plan but with a second story. This plan features three bedrooms with a dedicated study, a luxurious primary suite with large seated shower and oversized walk in closet with private access to laundry for convenience located on the main level. Upstairs you will find a spacious loft along with the fourth bedroom and another full bathroom. The triple slider doors leading to the back porch give off an incredible indoor outdoor feel. The attached or detached two car garage has entry with additional storage.
