Welcome to the Pine Mill plan where classic farmhouse charm is blended with modern livability. The main floor features an open-concept family and dining area, a well-appointed kitchen with pantry, a study/flex room, and a convenient powder room - all flowing naturally from a welcoming covered front porch. Tucked privately on the first floor, the spacious primary suite offers a walk-in closet and dedicated primary bath, making single-level living a real possibility. Upstairs, two additional bedrooms share a full bath, providing comfortable space for family, guests, or a home office setup. A rear covered porch extends your living space outdoors, perfect for enjoying everything Nexton has to offer. With thoughtful details like a first-floor laundry room and optional locker at the entry, the Pine Mill is designed for the way real families live. Trust us when we say, you're going to love it here!
